REPUBLICANS VICTORIOUS

TUESDAY'S RESULTS PLACE KENTUCKY IN THE PROSPERITY LINE.

Hon. Augustus E. Wilson was elected Governor by a majority of 20,000, and while Mr. Wilson ran a little ahead of the ticket, the entire republican state ticket was elected by large majorities.

The blow was terrible and came as a shock to Hager, Beckham and the rest of the bunch. The republicans gained heavily in the First, Second, Fourth, Sixth and Seventh Congressional Districts. The Eleventh District gives the largest Republican majority in its history.

In Louisville Wilson secures a majority of 7,800 and Hon. Jas. F. Grinstead was elected Mayor over Owen Tyler by a majority of 4,751 votes.

In the various legislative races throughout the State the Republicans have made great gains, and that body will be close, and we have a fighting chance to elect Gov. Brailey. In any event Republicans confidently believe that the defeat of Beckham is assured, if not by a Republican, by an old-line democrat.

Hon. Thos. D. Theobald was defeated for Circuit Judge by a small margin.

In New York City the Tammany ticket is elected by about 30,000 plurality.

In Brooklyn the McCarren ticket is probably elected by a narrow margin.

In New York State Edward T. and Willard Bartlett, joint nominees of the Democrats and Republicans, are elected, and the Legislature remains strongly Republican.

In New Jersey the election is close, with indications pointing to the election of Katzenbach, Dem., by a small majority.

In Cleveland Mayor Tom L. Johnson is re-elected by a reduced majority.

Mayor Brand Whitlock, of Toledo, also is re-elected, carrying with him the rest of the Independent ticket.

In Cincinnati Markbreit, Rep., is elected by 15,000. Delaware—Wilmington voted license, while the rest of the state probably goes dry.

Massachusetts—Curtis Guild, Jr., Republican, re-elected Governor by 60,000 plurality over Henry M. Whitney, Democrat, with Thomas L. Higgin, Independence League, a close third. John B. Moran, Independence League, re-elected District Attorney of Suffolk County by 20,000 plurality.

Mississippi—E. F. Noel, Democrat elected Governor.

Pennsylvania—John F. Sheats, Republican, elected State Treasurer by 175,000.

Rhode Island—James H. Higgins, Democrat, re-elected Governor.

In San Francisco Taylor, the Democratic nominee and present Mayor, and Langdon, Democrat, who prosecuted the grafters, are elected by safe majorities.

Salt Lake City has returned John S. Bransford, anti-Mormon candidate, by the largest plurality ever known in that city after a hot fight.

The Maryland contest for the Governorship is in doubt, owing to the lateness of returns. Chairman Vindiver, of the Democratic State Committee, claims the state by 12,000 and conservative estimates, based on meager returns.

THE MOUNTAIN TOPPLED

Russian Town Overwhelmed and Fifteen Hundred People Killed.

Tashkent, Russian Turkestan, Oct. 21.—The little town of Karatagh in the Hissar district of Bokhara has been overwhelmed and completely destroyed by a landslide that followed the earthquake of Oct. 21. According to the latest reports of the disaster a majority of the inhabitants of Karatagh lost their lives.

The first reports of the casualties were exaggerated, the death list being placed as high as 15,000. Karatagh has about 2,500 dwellers, and there is reason to believe that about 1,500 were buried alive. Among those who survived the disaster are the governor of Karatagh and his military.

Karatagh is remotely situated, and it takes a full week for news to get out from there, but according to one courier who came through, an enormous section of the Karatagh mountain, which practically hung over the town, broke loose and tumbled down upon the village, which is almost completely buried.

Efforts are being made to get into communication with the survivors and learn the actual state of affairs and to send in such relief as may be required.

BIG DEAL IN TOBACCO

More Than a Million in British Gold Will Come to Kentucky.

Henderson, Ky., Nov. 1.—By a deal consummated here last night, the Imperial Tobacco company purchases the entire 1907 tobacco crop pledged to the American Society of Equity at Henderson, Union, Webster, Hopkins and Crittenden counties. The deal involves 15,000,000 pounds of tobacco and will bring \$1,500,000 of English money to the farmers of this section. The price paid was that demanded by the farmers, and is the highest price ever paid here with the exception of the war prices. The deal was consummated by Stokes Taylor, chairman of the board of directors of the smoking district tobacco association, and Edward Hodge, manager of the Imperial company. Negotiations have been on for more than a week.

All Equity factories and employees are taken over by the Imperial company and will be consumed in service. Deliveries begin as soon as the tobacco is in order. The gold will be paid in installments.

The National Tobacco Growers' association, in session at Shelbyville, Ky., unanimously adopted resolutions declaring against the sale of a crop of better tobacco next year.

FATAL ELECTION RIOT

Tuesday's Contest Resulted in Bloodshed at Lexington.

Lexington, Ky., Nov. 6.—Four men were shot, one killed, and two fatally wounded in an encounter on Vine street Tuesday afternoon over the election. The dead man is Clyde Campbell, father of Clyde and "Bomber" Smith, another policeman, was shot. W. R. Campbell, another candidate for councilman. He accused Patterson Murphy of taking two active parts in the election. Murphy, a San Antonio, Tex., was arrested, and was taken him to the police station when Clyde Campbell, the son, drew his revolver and shot Murphy. Twenty shots were fired.

Wronged by the State

Pittsburg, Nov. 6.—After serving half of a ten years' sentence in the western Pennsylvania penitentiary for a crime committed by another, Robert Simpson, who was convicted in connection with a safe robbery in the Irwin, Pa., postoffice in Westmoreland county, about six years ago, will be given his freedom by the state pardon board. It has been discovered the robbery was committed by two men, both of whom are now dead.

A Chain of Failures.

Topeka, Kan., Nov. 6.—Three Kansas banks have been forced to close their doors owing to the failure of the Bankers' Trust company of Kansas City, Mo., on Oct. 28. The banks are the Coryville State bank, Coryville; the Garland State bank, Garland; and the Citizens' State bank of Mulberry, all small institutions. They had deposited with the Bankers' Trust company. Receivers will be appointed at once.

The Perils of the Sea.

St. John's, N. F., Nov. 6.—It is feared that many lives were lost in the last heavy gale. Three Newfoundland fishing schooners are missing and four French vessels belonging to the St. Pierre banking fleet have not reported. Wreckage washed ashore on the southern coast indicates that the schooner Orion was lost. She carried a crew of eighteen men, all of whom are missing.

Woman on Trial for Murder.

Brazil, Ind., Nov. 6.—Mrs. Rosa Olago, widow of the young medical student, Edward Olago, is on trial in the circuit court here for the murder of her husband in the city of Sept. 6. It is the first time in the criminal annals of Clay county that a woman has been placed on trial for murder.

TALE BRIEFLY TOLD

Result of Tuesday's Elections Can Be Set Out In Very Few Words.

THE RESULTS SUMMARIZED

The Most Astonishing Feature of the Day's Doings Was the Manner in Which Kentucky Underwent a Political Overturning.

New York, Nov. 6.—The elections throughout the country passed off in comparative quiet Tuesday. The returns from all sections give the following results:

Augustus E. Wilson (Rep.) has been elected governor of Kentucky by a safe majority over Samuel W. Hager (Dem.). The city and county of Louisville gave Wilson a majority of about 3,000, and Louisville elected James F. Grinstead (Rep.) for mayor by about 1,800 over Owen Tyler (Dem.). The Republicans also gained a large number of seats in the near legislature, but not enough to overcome the democratic majority on joint ballot. The entire Republican state ticket was elected by Wilson.

In New York Edward T. Raftery and Willard Bartlett, who ran jointly on the Democratic and Republican tickets, are elected as judges of the court of appeals over the candidates of the Independence League. In New York City the Tammany candidates were elected over those of the Independence League by large majorities.

At Cincinnati Colonel Leopold Markbreit, veteran German editor, was elected mayor on the Republican ticket by a decisive plurality, carrying the entire ticket with him.

Toledo re-elected Brand Whitlock, mayor on the Independent ticket, his entire ticket being carried along with him.

Massachusetts Republicans re-elected Curtis Guild, Jr., for governor, together with the full state ticket. Boston returned John B. Moran for state's attorney.

In Pennsylvania John D. Sheats of Philadelphia (Rep.) was elected state treasurer over John G. Harman by a large majority.

Only state officer voted for. There were large Republican gains all over the state.

New Jersey elected a Democratic governor in the person of Frank S. Katzenbach, Jr., who won by a small margin over Judge Fort.

San Francisco's good government movement was strengthened by the election of Dr. Taylor, who has been elected mayor since Schmitz's conviction and membership District Attorney Langdon.

At Salt Lake City the Anti-Mormon party won by a decisive majority.

In Virginia the Democrats will control both houses of the legislature by the usual majority.

Tom Johnson was re-elected mayor of Cleveland, O., for the fourth time. Ohio's municipal elections were mainly conducted on local issues.

In Mississippi there was but one ticket, headed by E. F. Noel for governor. Only a small vote was cast.

Fast Freight Collision.

Columbiadale, Md., Nov. 4.—Three trainmen were killed and one man was injured as the result of a wreck early Sunday, when an extra westbound freight train on the Baltimore & Ohio road got beyond control and collided with another fast freight on the Cranberry grade, near McMillan, W. Va., about seventy miles west of here.

Victim of Chicago Burglar.

Chicago, Nov. 6.—James W. Allaway, a wealthy commission merchant of Los Angeles, Cal., was killed by a burglar at the home of his brother, Edward Allaway, at 418 South Waller avenue. The burglar escaped from the house without being seen by any of the family.

BONDS ARE DEFEATED

BUT THE ENTIRE CITIZENS TICKET ELECTED AND DAY IS SAVED.

The result of the City election, although the bonds were defeated, is most gratifying. The gentlemen on the ticket elected are enterprising, public spirited citizens and will devise ways and means to bring about what could have been done more easily should the bond question have passed.

Following is the ticket elected, and scour this section as you may, a more enterprising and prosperous group could not be found:

Mayor—H. G. Hicks.
Councilmen—A. J. Stamper, Claude Wilson, W. H. Scott, Willie McHaff, Roy Blankenship, Geo. Blizard.

Difficult Breathing

Short breath, fluttering, palpitation, sinking spells are symptoms of a weak heart, struggling to do its work. It must keep the blood in circulation to carry nourishment to make flesh, bone and muscle, and remove the worn-out particles. When it cannot do this, it must have help. Dr. Miles' Heart Cure gives strength to the heart nerves and muscles, and increases the heart action.

"I am glad to say that I am so much improved in health. I feel like a new man. I have been suffering from heart trouble for many years, and have tried many remedies, but have not found any that would do me any good. I have been told that I could not live, but I have been able to do so much more work than I could at times. I had difficulty in getting my breath, my heart beat so fast that I could not sleep. I had great pain in my left side, and my nerves were all unstrung. I had not taken the Heart Cure, but I had great pleasure in recommending Dr. Miles' remedies to all who suffer with heart disease."

MRS. MARY C. HALLER, Sullivan, Mo.

The disgruntled members of the gang will certainly see to it that Beckham does not go to the Senate. If, there, must be a democrat, that time tried and true democrat, a man whom even this forlorn lot of bunco-steerers cannot help but admire, McCreary, will come into his own.

Citizens of Kentucky have asserted their independence, as all true American Citizens will. You can jolly them, sometimes, but oppress, never.

Now to put Beckham in the clear. We've shelved the balance of the bunch, let's hand him a lemon, too.

And just take a peep at the old eleventh. 40,000 republican gains. Wouldn't that JAR you.

The deep waterways commission have made Salt River navigable for large boats.

That whiskey and water won't mix was demonstrated Tuesday.

Wonder if Hager saved boat fare out of that \$3,500 check.

Too bad the boat up Salt River couldn't wait for Beckham.

B. Good certainly voted at Baileys Mill Tuesday.

UNCLE SAM BALLOONING

Contract Let for First American Airship for War.

St. Louis, Nov. 6.—The U. S. Army, of the American Airship and Ballon company of New York, has arrived in St. Louis from Washington to select a site for the construction of the airship and in which the first war airship ever built in the United States for the government is to be constructed.

The contract for the airship has just been closed in Washington, General Allen, of the war department, acting for the government.

SPRUNG A SURPRISE

Old Judgment Urged as a Precedent in This Case.

Topeka, Kan., Nov. 6.—In the hearing here before a commissioner appointed by the supreme court in the suit against the International Harvester company, Attorney General Jackson sprung a surprise by introducing as evidence the bill of complaint, the answer and the final judgment in the case against the company in Texas. In this case the company confessed judgment and paid a fine and costs amounting to about \$25,000. The attorney general alleged that the cases are similar, the laws similar and a similar judgment should be rendered. The International Harvester company is the only one against which an answer is pending which failed to answer the interrogatories filed with the court by the attorney general.

Held on Murder Charge.
San Francisco, Nov. 6.—James J. Yanborough, a street car conductor, was arrested and will be held pending the arrival of an officer from Fort Bend, Tex., where he is wanted to answer a charge of murder. The accused man says that he was formerly a deputy under Sheriff Winston, of Fort Bend. After resigning that position, he says he was attacked by a gang of colored roughs and in self-defense fatally shot one of them whose name he does not know.

Fined the Prosecutor.
St. Louis, Nov. 6.—Two fines of \$250 each were imposed in federal court here on John M. Stephens, recently elected prosecuting attorney of DeWitt county, Missouri, and prominent politician there, for fraudulently taking affidavits regarding government homestead lands in Reynolds county, Missouri.

HOME-MADE MIXTURE CURES RHEUMATISM.

There is so much Rheumatism here in our neighborhood now that the following advice by an eminent authority, who writes for readers of a large eastern daily paper, will be highly appreciated by those who suffer:

Get from any good pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces of Compound Syrup of Sarsaparilla. Shake these well in a bottle and take in teaspoonful doses after each meal and at bedtime; also drink plenty of good water.

It is claimed that there are few victims of this dread and torturous disease who will fail to find ready relief in this simple home-made mixture, and in most cases a permanent cure is the result.

This simple recipe is said to strengthen and cleanse the eliminative tissues of the Kidneys, so that they can filter and strain from the blood and system the poisons, acids and waste matter, which cause not only Rheumatism, but numerous other diseases. Every man or woman here who feels that their kidneys are not healthy and active, or who suffers from any urinary trouble whatever, should not hesitate to make up this mixture, as it is certain to do much good, and may save you from much misery and suffering after while.

Our home druggists say they will either supply the ingredients or mix the prescription ready to take if our readers ask them.

CURED OF BRIGHT'S DISEASE.

Mr. Robert O. Burke, Elkhart, N. Y., writes: "Before I started to use Foley's Kidney Cure I had to get up from twelve to twenty times a night, and I was all bloated up with dropsy and my eyesight was so impaired I could scarcely see one of my family across the room. I had given up hope of living, when a friend recommended Foley's Kidney Cure. One 50 cents bottle worked wonders, and before I had taken the third bottle the dropsy had gone as well as all other symptoms of Bright's disease." Waring Drug Co.

NEWS OF KENTUCKY

Tuesday Told Information Concerning Matters of Current Interest to Kentuckians.

THE STATE NEWS IN A NUTSHELL

More Are Found Accurately Detailed the Happenings of the Largest Import Which Are Attracting Attention Throughout Kentucky.

London, Ky., October 31.—With "peaceful armies" of invasion in the dark tobacco districts and the farmers growers having reached a decision not to raise any crop next year, the tobacco situation in Kentucky appears to be serious. From the western end of the state and especially in the Green river and Henderson straining districts reports of rather an unsettling nature have been received.

Bodies of growers standing in the members of the American Society of Equity are riding through Melton county notifying buyers to quit the tobacco fields until the 1909 crop is sold and urging growers to pool their crop with the society. The same thing has already been done in Daviess county, of which Owensboro is the county seat; in Henderson county, of which Henderson is the chief city, and in several other neighborhoods. In many instances the buyers have agreed to quit and the majority of the growers have expressed their determination to pool their crops, but especially in Henderson county has there been considerable opposition to the plan of the growers. In fact, the buyers of Henderson have refused to accede to the request of the growers and another meeting is in progress there to consider what is to be done in the premises. The growers are determined to carry their point and the buyers announce that they are also firm in their determination not to be bluffed into taking any action that may be detrimental to their interests.

WOULD BRING TAYLOR HOME

Republican Candidate for Governor of Kentucky Makes a Promise.

Covington, Ky., Nov. 2.—For two hours and fifteen minutes August E. Wilson, Republican candidate for governor of Kentucky, spoke to about 700 men in Turner hall in Covington. He devoted nearly the entire time to denunciation of democracy in Kentucky, which he lauded, and the pardon of Caleb Powers. With reference to the Goebel murder he said:

"When I am governor it will not be an issue again. The men indicted will get fair and speedy trials. It was

from murder, and the guilty man should hang. This governor will be neither court nor jury. The court of appeals must settle the law and the jury must settle the facts. It will be the judgment of a fair jury and the law will be administered by a fair court. While I am governor the other man will come home. This governor's requisition will be honored, trusted and respected by every other state. Why do states not recognize Kentucky's requisition? Because it has gone out to the world that we use the criminal courts for political purposes."

FORMER FRIEND KILLS DOCTOR

Mystery in Motive for Tragedy in the

Street at West Nashville. Nashville, Tenn., Nov. 5.—At West Nashville, a suburb, Dr. P. McF. Allen, a prominent physician, was shot and killed just as he was preparing to step into an automobile, by Thomas Bush, a well-known young man of the suburb. Allen and Bush had been close friends for a long time, and the tragedy, therefore, caused all sorts of conjectures. Bush is reported to have walked up to Allen and said: "I hate you, but I am going to kill you." Bush declines to talk, and so do the friends of Allen.

Trouble at Stony Fork.

Middleboro, Ky., Oct. 31.—Jim and Bob Davis and other miners, it is alleged, tried to capture the commissary at the Stony Fork mines.
